Information & notes for Speed Networking

Full details will be given on the day

- Room is set with clusters of 3 chairs numbered 1-3.
- Choose a number & ensure that you maintain that number for the duration of the speed networking
- Numbers 1 to move clockwise, 2 anti clockwise & 3 remain static
- Where there are 2 delegates attending from one business ensure that you are moving in the opposite direction so that there is no overlap
- Numbers will be moved on every 3 minutes & this will be indicated by hooter (1 & 2 minute reminders will be given)
- **Move on promptly** & follow up during the social networking if a match or interest identified. Your approach will need to be very targeted in the time frame
- It may not be possible in the time to network with all groups, however further & follow up networking together with targeted information on the networking wall may be enjoyed during and following lunch
- Water will be circulating during speed networking.....Enjoy!

Thank you to Recenseo and Focard who have supported this event
